

Covid-19 update – face coverings. 19.01.22

As you will be aware, the Government has this afternoon announced that its Plan B measures are being removed. As a result, from Thursday 20 January, **face coverings are no longer required to be worn in classrooms.**

However, we do strongly encourage and respect the wearing of face coverings by those who wish to do so; in particular when travelling around busier indoor communal areas within any BPP centre – e.g., corridors, lifts, bathrooms, and on staircases.

Thanks to you all for your understanding and support.
